

JENNIFER MCALLISTER

FRONTEND DEVELOPER STUDENT

Frontend Developer student at
Medieinstitutet currently studying
HTML, CSS, Scss, Javascript, React and
API development and UX.

I believe my strengths are quick-
learned, methodic, innovative and I
always love a new challenge.

EXPERIENCE

Before starting my journey to
become a Frontend Developer have I
worked as baker and pastry chef
here in Sweden and Germany.

My experience also involve working
in cafés and my current part-time job
as stagehand for concerts which I've
been doing since October 2021.

Other than that, I have also
finnished webbutveckling 1 at
Kommvux the same year, spent some
sparetime learning C# aswell.

Which brings us to today. I am
currently studying Web Development
at Medieinstitutet since September
2022.

EDUCATION

2022 - 2024

Frontend Developement
Medieinstitutet Stockholm
